

Summit Business Solutions in partnership with Stony Brook University is pleased to present

“eVSM – Electronic Value Stream Mapping”

A One-Day Value Stream Mapping Workshop

for both the Office and Shop Floor

This “Hands-On” workshop will show you how to use the **Lean Enterprise Institute** endorsed eVSM software to develop Value Stream Maps and effectively manage your Lean Implementation programs. The course is based on the Shingo Prize winning publications **Learning to See and Creating Level Pull**. Participants will learn by doing! Bring your laptops and start developing eVSM value stream maps for Office and Manufacturing processes.

Following this workshop you will be able to:

- ✓ Develop Current State and Future State Value Stream Maps
- ✓ Identify dollar and time saving opportunities in the office and shop floor
- ✓ Use the eVSM software and its hyperlinking capabilities
- ✓ Develop Lean Storyboards for project management
- ✓ Develop A3 Reports (a powerful problem solving technique)
- ✓ Use eVSM Value Maps to perform dynamic process simulations and What-If scenarios

Date & Location

STONY BROOK UNIVERSITY
CENTER FOR EMERGING TECHNOLOGIES
3500 Sunrise Highway, Great River, NY
September 20, 2006, 8:30 A.M. - 4:00 P.M.
